POSSESSION OF FISH DURING CLOSE SEASON PROHIBITED.**§ 4084. Possession of Fish Caught During Closed Season Unlawful—Presumption From Possession.**

It shall be unlawful for any person or persons to receive, or have in his or their possession, or sell or offer for sale or transportation, or transport, during the closed season named in this act, any chinook, steelhead, blueback, silverside, or other species of salmon, caught or taken during any of the close seasons named in this act; and in all prosecutions under this section the possession by any person during the close season named in this act of any chinook, steelhead, blueback, silverside, or other species of salmon, shall be construed as *prima facie* evidence that the same were unlawfully caught during the close season. [L. 1901, p. 336, § 23.]

Under the former law it was held that it was not a violation of the law to have in one's possession during the closed season salmon caught out of the State or caught in the State during open season: *State v. McGuire*, 24 Or. 366, 33 Pac. 666, 21 L. R. A. 478.

Under a law prohibiting the possession of trout in closed season however, this case is distinguished and it is held that the law was as much in force against trout lawfully caught in another State and shipped into

the State, becoming a part of its general property, as to those caught within its limits: *State v. Schuman*, 36 Or. 16, 58 Pac. 661, 47 L. R. A. 153, 78 Am. St. Rep. 754.

It is also held that such a law is not invalid as being a regulation of interstate commerce: *In re Deininger*, 108 Fed. 623.

The wording of this section, however, seems to allow the possession of trout caught in another State or in an open season.

OBSTRUCTION OF STREAMS PROHIBITED.**§ 4085. Obstruction in Fish Stream Prohibited—Taking Fish Within Six Hundred Feet of Fish Way Unlawful.**

It shall be unlawful for any person to construct any milldam or artificial obstruction across any stream in this State frequented by salmon or trout, or to maintain any such milldam

or obstruction heretofore erected without providing a passageway for such fish over such obstruction, such passageway for fish to be constructed as near the main channel as may be practicable. It shall be the duty of the fish warden to examine, from time to time, all milldams and artificial obstructions to all rivers and streams in the State frequented by salmon or other migratory fish, and if in his opinion there is not a free passage for fish over any milldam or artificial obstruction, to notify the owner or occupant thereof to provide the same within a reasonable time with a durable and efficient fish way, of such form and capacity and in such location as shall be determined by the fish warden. If such fish way is not completed to the satisfaction of said fish warden within the time specified, the owners or occupants of such milldam or artificial obstruction shall be deemed guilty of a misdemeanor, and on conviction shall be punished as in this act hereinafter provided. It shall be incumbent upon the owners and operators of all milldams or artificial obstructions, where the fish warden requires such fish way to be provided, to keep the same in repair and open and free from obstructions to the passage of fish at all times, and any owner or operator of any dam or artificial obstruction who neglects or refuses to keep such fish way in repair and open and free from obstruction to the passage of fish shall be guilty of a misdemeanor, and upon conviction shall be punished as in this act hereinafter provided; and the continuance from day to day of the neglect or refusal after notification in writing by the fish warden, shall constitute a separate offense; and it shall be unlawful for any person to wilfully or knowingly destroy, injure, or abstract from such fish way, or to take or catch any salmon or other migratory fish within six hundred feet of any fish way. [L. 1901, p. 337, § 24.]

Unlawful to Frighten or Drive Salmon.

It shall be unlawful for any person to place in any stream of this State where salmon run or exist, within the distance from any dam, fish way or object in which the taking of salmon is prohibited by law, any blood or offal of salmon or fish, or any

other substance or matter or contrivance that will frighten or drive salmon or with intent to drive or frighten from or out of that part of the waters of any stream in which it is unlawful to fish for or take the same. [L. 1905, p. 94, § 1.]

Penalty for Violating Preceding Section.

Any person violating the provisions of this act shall be punished by a fine of not less than \$50 or not more than \$1,000, or by imprisonment in the county jail not to exceed six months. [L. 1905, p. 94, § 2.]

§ 4086. Sawdust, etc., Placing in Columbia River by Proprietor of Mill Unlawful.

It shall be unlawful for any proprietor or operator of any sawmill or other lumber manufacturing concern, or of any pulp mill, wood saw, or other wood-sawing or manufacturing concern in this State, or any employé thereof, or any other person, to cast sawdust, planer shavings, or other lumber waste, or suffer or permit such sawdust, shavings, or other lumber waste to be thrown or discharged in any manner into any waters flowing into the Pacific Ocean within this State, or other waters of this State, or the Columbia River, or to deposit the same where high waters will take the same into any such waters or the Columbia River. Any person or persons, firm, or corporation, violating any of the provisions of this section shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined in a sum not less than \$50 nor more than \$500, and costs for each and every offense. [L. 1905, p. 428, § 2.]

The question whether or not casting sawdust into rivers is injurious to fish is a question for the legislature and not for the courts, and when the legislature has passed a law prohibiting such act, the courts are precluded from examining that question: *State v. Shaw*, 22 Or. 290, 29 Pac. 1028.

§ 4087. Fish Wheel, Must Not be Concealed—How Placed.

It shall be unlawful for any person to place or cause to be placed in any of the rivers or waters of this State, or in any river or water over or upon which this State has concurrent jurisdiction, any fish wheel in a condition to take salmon, or in a position less than three feet above the surface of any such

river or water, or covered or concealed in such manner that the position of the same can not be clearly discerned from the nearest river bank, during any part of the close season specified in this act. [L. 1901, p. 338, § 26.]

DEALERS TO REPORT TO WARDEN.

§ 4088. Dealers Must Report Fish Purchased.

It shall be the duty of all persons, firms, or corporations who purchase from fishermen or takers or catchers of fish, or who catch their own fish for the purpose of canning, packing, preserving, or selling them for profit or otherwise, or who pack, preserve, retail, or otherwise deal in fish, to report to the fish warden on or before the fifteenth day of November of each year the number of every species of fish, including clams, crabs, crawfish, oysters, etc., stated separately, so purchased or taken by them during the year ending on said fifteenth day of November, and if purchased by weight, the number of pounds of each species so purchased or taken; and said report shall be accompanied by affidavit as to the correctness of the same. Any person, firm, or corporation who fails, neglects, or refuses to comply with the provisions of this section shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined in a sum not less than \$50 nor more than \$500 and costs, for each and every offense. [L. 1905, p. 428, § 3.]

LICENSE FOR FISHING AND BUSINESS REGULATED.

§ 4089. License, Fishing Without, Otherwise Than by Angling Prohibited.

It shall be unlawful for any person or persons to take or fish for salmon fish or sturgeon in any of the waters of this State, or in any of the waters upon which this State has concurrent jurisdiction, by any means whatever, except with hook and line, commonly called angling, without first having obtained a license therefor, as in this act hereinafter provided. [L. 1901, p. 338, § 28.]

**§ 4090. Traps, Nets, Fish Wheels, etc., Unlawful to Fish With-
out License.**

It shall be unlawful for any person or persons to operate or maintain, or leave in a condition to take fish, in any of the waters of this State at any time hereafter, any fish traps, weir, pound net, set net, gill net, fish wheel, seine, or any device or apparatus or gear used in catching salmon fish or sturgeon, without first having obtained from the fish warden a license therefor as hereinafter provided. [L. 1901, p. 338, § 29.]

**§ 4091. Packing or Dealing in Salmon or Sturgeon Without License
Unlawful.**

It shall be unlawful for any person or persons, firm, or corporation to engage in the business of packing or dealing in salmon fish or sturgeon within the State of Oregon without first having obtained a license therefor from the fish warden as hereinafter provided. All licenses issued under the provisions of this act shall expire on the thirty-first day of December following the issuance of such license. [L. 1901, p. 338, § 30.]

By the amendment to § 4093, (L. 1905, p. 116), all licenses expire March 31 following the issuance of same.

**§ 4092. Citizens or Persons Having Declared Intentions, Fishing Re-
stricted to — License From Washington State Sufficient
Where.**

It shall be unlawful for any person to take or fish for salmon fish or sturgeon in any waters of this State unless such person be a citizen of the United States, or has declared his intention to become such, and has been a *bona fide* resident of the State of Oregon, or the States of Washington or Idaho, for the period of six months; *provided*, that a license issued by the State of Washington, such State having concurrent jurisdiction on the Columbia River with this State, shall be deemed valid as to gill nets, and as to gill net fishermen for use on the Columbia River, as though issued by the fish warden of this State. [L. 1903, p. 218, § 1.]

§ 4093. License, Procedure to Obtain — Amount of License Fees.

Any person who is a citizen of the United States, or who has declared his intention to become such, and is a resident

of the State of Oregon, or the States of Washington or Idaho, desiring to engage in the business of operating a fish trap, wier, pound net, set net, gill net, fish wheel, or seine, or other fishing appliance not prohibited by law, for the purpose of catching fish in any of the waters of this State, or over which the State of Oregon has concurrent jurisdiction, shall make application in writing to the fish warden of said State, specifying with convenient certainty the character of the appliance that the applicant desires to obtain license for, and the location, if for a stationary appliance, and upon payment of a license fee as hereinafter provided, said fish warden shall issue to such applicant a license to operate the character of appliance desired in said application; *provided*, that such license shall be good only in the district for which the same is issued. The following license fees for fishing appliances shall be paid by those owning or operating the same: For each drag seine, not exceeding 500 feet in length, \$15; for each additional foot in length the further sum of three cents; for each gill net, \$5.00; for each set net, \$2.50; for each pound net, trap, or weir, \$25; for each scow fish wheel, \$25; for each stationary fish wheel, \$35. § 4096. Record of License Applications to be Kept by Fish Warden — Authority to Inspect Canneries, Places of Business, and Books—Appeals.

The fish warden shall keep and preserve a record of all applications for license filed. The fish warden is not bound by statements therein made as to the amount of fish packed or handled, but for the purpose of ascertaining the true class in which any cannery or dealer in salmon fish or sturgeon, as herein provided, should be listed, such fish warden or any of his deputies has full authority and is hereby authorized to inspect the cannery and places of business of such parties, and the books of such parties showing the amount of their pack or the amount handled (but the information derived therefrom shall not be made public), and if in the opinion of the fish warden the facts set forth in the affidavit of the applicant for a license are untrue, and the canner, packer, or dealer, as herein provided, is not properly classed, he shall immediately class the same and list the same properly; and cancel the license already issued, and demand from such canner, packer, or dealer, as herein specified, a new license fee necessary to bring it within the class it should have been listed in in the first instance; but any person, firm, or corporation feeling aggrieved by the decision of the fish warden may appeal from the decision of the fish warden to the circuit court of the State of Oregon for the county in which his or its business is situated. Such appeal is taken by serving a written notice of such appeal on the fish warden, or his deputy residing in the county, and filing same with proof of service indorsed thereon within ten

days from receiving notice of such relisting by such fish warden, together with a bond with one or more sufficient sureties, to be approved by the clerk of the circuit court, conditioned to pay whatever judgment may be rendered against him on the appeal, in the office of the clerk of the circuit court of the State of Oregon for the county in which said business is located; and the case shall be tried in the said circuit court as a suit in equity, and judgment entered by the court accordingly, and the decision shall be final, and the judgment of the court shall be enforced as other judgments are, and shall have like force and effect. Nothing in this section shall be construed to prevent the Board of Fish Commissioners, or any one of the deputies, from giving in evidence at the trial of such appeal any fact or information derived by them from inspection of the books or papers of any canner, packer, or dealer in fish, or from offering in evidence in any court the affidavit of any person required by this act. All licenses for whatever appliance or business granted under the provisions of this act shall be valid only in the district for which it is issued, and shall expire and become null and void on December 31 of each year. [L. 1903, p. 236, § 13.]

A separate license shall be required for each pound net, trap, weir, fish wheel, set net, or for any other fixed appliance, and for each seine, gill net, or other drift net. Any owner or operator of any fishing appliance or boat herein specified, who fails, neglects, or refuses to comply with any of the provisions of this section within five days from the date of license issued

for such appliance, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than \$10 nor more than \$50 and the costs of the action; a failure from day to day to comply with any of the provisions of this section shall constitute a separate offense and subject the owner or operator of said appliance or boat to additional punishment by such fine. All fish traps, pound nets, gill nets, set nets, fish wheels, fishing boats, and vessels used in fishing, and apparatus, and any and all appliances or devices which shall be used or employed by any person or persons or corporations, including all such fishing appliances fished or operated by any person who has not obtained a license, or a license to operate such appliance, in fishing for or catching salmon fish at or during any time or in any of the waters in this act prohibited, and which by this act is made unlawful, whether being operated by any person or left in a condition to take fish, or abandoned but left in a condition to take fish, shall be seized and be confiscated, condemned, and sold, and the proceeds of such sale shall be paid to the State Treasurer, and by him deposited in the hatchery fund for the district in which such appliance is seized; and it is hereby made the duty of the fish warden to seize and take into his possession all such fishing appliances hereinbefore mentioned, which shall be operated wrongfully or unlawfully by any person, or left by any person in a condition to take fish, or abandoned by any person but left in a condition to take fish, shall be seized and be confiscated, condemned, and sold, and the proceeds of such sale shall be paid to the State Treasurer and by him deposited in the hatchery

fund for the district in which such appliance is seized ; and it is hereby made the duty of the fish warden to seize and take into his possession all such fishing appliances hereinbefore mentioned, which shall be operated wrongfully or unlawfully by any person, or left in a condition to take fish, or abandoned by any person but left in a condition to take fish, at or during any time or in any of the waters in this act prohibited, and which is made unlawful by this act ; and immediately upon such seizure the prosecuting attorney for the district in which such appliance is seized shall institute an action in the circuit court for that county to have such appliance confiscated, condemned, and sold ; such petition shall contain a true description of the appliance sought to be confiscated, condemned, and sold, as nearly as practicable, together with all marks, brands, or any special features thereof, calculated to designate same from other appliances of like nature, and, if a fixed appliance, the number ; and shall allege facts showing that the same was used in violation of the provisions of this act. The petition shall be duly verified by the oath of the fish warden, or one of the deputies, and in such action the State of Oregon shall be plaintiff, and the owner of such appliance, if known, shall be the defendant ; and if unknown, then such unknown owner shall be designated as "John Doe," whose true name is unknown ; and such like proceedings shall be had and such action shall be prosecuted to final determination as in actions at law, excepting that the summons shall be issued by the clerk of the court, and shall require the defendant, if known, to appear and answer within fifteen days after the service of such summons upon him, and if he fails so to appear and answer, judgment of confiscation shall be entered as prayed for in the petition. All persons owning or claiming any interest in such fishing appliance will be permitted to answer, setting forth their various interests, but it will be no defense to a judgment of confiscation that the owner or mortgagee or lienor of such appliance did not consent to have the same unlawfully operated. Upon the trial of said cause the matter to be determined shall be whether or not the appliance seized was unlawfully employed, or suffered or permitted to be unlawfully employed, in violation of the provisions of this act, or used or operated without a license or by one not licensed; and if judgment shall be entered, that the same was used or employed, or suffered or permitted to be used or employed, in violation of this act, a judgment shall be rendered confiscating each appliance and ordering the same to be sold at public auction to the highest bidder for cash, and execution shall issue upon such judgment as in an ordinary action at law, and like proceedings shall be had under such execution as now provided by law. The money arising from the sale of such appliance shall be immediately deposited with the State Treasurer, and by him deposited in the hatchery fund for the district in which such appliance was seized. No fee shall be charged or collected from the Board of Fish Commissioners at the institution or during the prosecution of such action, and no judgment shall be awarded against them or the State of Oregon for costs and disbursements. Should the Board of Fish Commissioners deem themselves aggrieved by the ruling or decision of the court at any time after the institution of said action, the right of appeal is hereby given the State of Oregon, to be prosecuted in the same manner as appeals in ordinary civil actions, excepting that no fee shall be charged the State and no bond shall be required on appeal. FISH WAY OVER THE FALLS AT OREGON CITY.

Appropriation For.

That there be and hereby is appropriated out of any moneys in the State treasury, not otherwise appropriated, the sum of five thousand (\$5,000) dollars, or so much thereof as shall be necessary, to construct a fish way over the falls of the Willamette River, at Oregon City. [L. 1903, p. 307, § 1.]

Location of Fish Way, How Determined.

Said fish way shall be constructed in the bed of the river at such point along said fall as may be determined by the Board of Fish Commissioners of the State, by making excavations in the solid rock and building such superstructure as will be necessary, so that the slope will be more gradual and a series of pools formed connecting with each other, all constructed and arranged in such a manner that salmon can freely ascend from below to above the falls by passing from pool to pool. [L. 1903, p. 307, § 2.]

Board of Fish Commissioners to Award Contract.

The plans, location, and construction of said fish way shall be under the control and direction of the said Board of Fish Commissioners, which board is hereby authorized, at its discretion, to purchase tools and supplies, and employ a superintendent and workmen to construct the same, or advertise and award contract or contracts for the construction of said fish way. Said construction shall begin as soon as practicable after the approval of this act. [L. 1903, p. 307, § 3.]

Board to Draw Warrants.

All expenses of whatever nature incurred by said board under the provisions of this act shall be paid upon properly certified bills being presented, and the Secretary of State shall, upon the approval of such bills by said board, draw his warrant upon the State Treasurer in payment of the same from the general fund. [L. 1903, p. 307, § 4.]

In order to construct said fish way, said board, its employés and agents, are hereby authorized to remove all obstructions, whether natural or artificial, to the construction of said fish way or the passage of fish over said falls, and to remove any natural or artificial obstructions placed in the river above the falls which would prevent the free passage of fish up the river. [L. 1903, p. 307, § 5.]

Care After Completion.

After said fish way is constructed it shall be under the care of said board, which shall make any extension, additions, alterations, or repairs to the same that shall become necessary, and any unexpended part of said sum herein appropriated shall be available for such purposes. [L. 1903, p. 307, § 6.]

§ 4118. Hindering Passage of Fish Prohibited.

It shall be unlawful for any one to hinder, annoy, or disturb the fish entering, passing through, or leaving said fish way, or to obstruct the passage of fish through the same at any time or in any manner, or for any one to place anything in said fish way or use any device for catching fish, or any wheel, or net, or hooks, or lines in said fish way, or anywhere within fifty feet thereof, or to catch fish at any time anywhere within fifty feet of said fish way, or any one to do any injury to said fish way. [L. 1893, p. 37, § 8.]

The concluding sentence of the act of 1901, (L. p. 337, § 4,) amends this section to read "within six hundred feet of said fishway." See § 4085, this publication.

Following is an opinion of the Attorney General, construing §§ 4085 and 4118, rendered at the request of the Master Fish Warden:

SALEM, Oregon, December 17, 1904.

DEAR SIR: Replying to yours of the 2d instant requesting my opinion as to how near to the fish way recently built by the State over the falls of the Willamette River at Oregon City, people are allowed under the law to catch salmon, permit me to say that section 4085 of Bellinger and Cotton's Annotated Codes and Statutes provides: "It shall be unlawful for any person to wilfully or knowingly destroy, injure, or abstract from *such fish way* (those mentioned in the act) or to take or catch any salmon or other migratory fish within six hundred feet of *any fish way*."

"Any fish way" means a fish way built by the State as well as one built by private parties. Any person who violates the provisions of the section above referred to is punishable under section 4113, as amended by laws of 1903, page 237. The law of 1893, I am inclined to think, is applicable, except where they conflict with the 1901 law, as the former was enacted with reference to a fish way to be constructed by the State of Oregon at Oregon City, and while it was not done under that act, it was constructed by virtue of a second act, and the penalties for obstructing the same were not repealed. However, the distance that salmon or other migratory fish may be taken from the fish way is governed by the law of 1901, that being the later act, and any person who injures the fish way in any manner can be punished under the former statute, or other statutes relative to injuries to property.

Respectfully,

A. M. CRAWFORD,
Attorney General.

§ 4119. Penalty For Violation of Act.

Any person violating any of the provisions of this act shall be guilty of a misdemeanor, and upon conviction shall be punished by a fine of not less than \$20 nor more than \$200, or by

§ 4120. Justices' Courts Have Concurrent Jurisdiction.

The board referred to in this section, as provided for in section 3 of the act, consists of the Governor, Secretary of State, and State Treasurer. Section 3 is temporary in its operation, and is therefore omitted. The board created by that section continues in existence for the purpose specified in section 4121.

Such arrests may also be made on Sunday, in which case the person or persons arrested shall be taken before the proper officer, and proceeded against as soon as may be on a week day following the arrest. [L. 1903, p. 140, § 2.]

Power to Search Without Warrant.

Said sheriffs, deputy sheriffs, constables, or wardens shall have power, without warrant, to search and examine any boat, conveyance, vehicle, fish box, fish basket, game bag, or game coat, or other receptacle for game or fish, when they have good reason to believe that any of the laws for the protection of forests and timber lands, game and food fish, have been violated; and the said sheriffs, deputy sheriffs, constables, or wardens shall at any time seize and take possession of any and all birds, animals, or fish which have been caught, taken, or killed at any time in a manner or for a purpose, or had in possession or under control, have been shipped or about to be shipped, contrary to any of the laws of this State; and seize and take possession of any and all fishing appliance and boats fished, operated, or maintained in violation of any of the game or fish laws of the State. Any court having jurisdiction of the offense, upon receiving proof of probable cause for believing in the concealment of any bird, animal, or fish, caught, taken, killed, had in possession, under control or shipped, or about to be shipped, contrary to the law, shall issue a search warrant, and cause a search to be made in any place, and to that end may, after demand and refusal, cause any building, inclosure, or car to be entered, and any apartment, chest, box, locker, crate, basket, or package to be broken open and the contents thereof examined by any said sheriff, deputy sheriff, constable, or warden. and such sheriff, deputy sheriff, constable, or warden shall not be liable for damages on account of any search, examination, or seizure, or the confiscation of any nets or fishing appliance or apparatus of any kind in accordance with the provisions of this act. [L. 1903, p. 141, § 3.]

Additional Fees from Fines.

Any sheriff, deputy sheriff, constable, or warden, as informer or prosecutor, upon the arrest and prosecution of any offender to conviction under the provisions of this act, shall, in addition to the fees to which he may be entitled under existing laws, be entitled to receive one third of the money collected as fines in such action. [L. 1903, p. 141, § 4.]

Violations—Returns of Officers—Penalty.

Each of the said sheriffs, deputy sheriffs, constables, or wardens shall, for the purpose of this act, have concurrent jurisdiction throughout his own proper county; and they shall in the first week of each term of the circuit court of their respective counties, make special returns to said court, under oath, of all violations occurring in their respective counties or districts, or which may come or be brought to their notice, of any of the provisions of any law now in force, or that may hereafter be enacted for the protection of the forests and timber lands, game, and fish; and it shall be the duty of the judge of said court to see that such returns are faithfully made, and any sheriff, deputy sheriff, constable, or warden wilfully neglecting or refusing to make such returns, or to prosecute any offense under said laws of which he shall have personal knowledge, or of which he shall have notice in writing by any citizen, giving the name of the offender, together with the names of the witnesses, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be sentenced to pay a fine of \$50, or to undergo an imprisonment in the county jail of two months, both or either, at the discretion of the court.
